BEYOND THE ARCH

FUELING FULL-ARCH EFFICIENCY & EXPANSION

BIOHORIZONS®

Nashville, TN

February 27-28, 2026

Is your full-arch protocol as efficient as it could be?

Experience two days of hands-on learning designed to transform your full-arch practice. Explore advanced digital workflows and photogrammetry, plus AI-driven patient engagement and case acceptance strategies. Walk away with practical tools to boost efficiency, empower your team, and deliver exceptional outcomes.

Day 1: Photogrammetry in Action – Enhancing AOX Delivery

Master digital workflows that improve precision, reduce chairtime, & eliminate verification jigs.

You'll learn:

- Accurate 3D implant capture for passive-fit prosthetics
- Same-day provisional & final prosthesis delivery using photogrammetry
- Application of CAD/CAM design & 3D printing techniques
- Staining & glazing for natural esthetics
- Scalable workflows to boost productivity & profitability
- AI & cloud-based technologies for streamlined practice management

Presented by Dr. Wael Garine,
Prosthodontist

Day 2: The AOX Patient Journey – Smarter Engagement, Better Conversion

Leverage AI & data-driven strategies to guide patients from interest to acceptance.

You'll learn:

- How AI can create smarter, personalized patient engagement
- Techniques for crafting ethical, education-focused case presentations
- Ways to understand the patient mindset for tailored communication
- Approaches to present cases that connect emotionally & logically
- Proven methods to overcome cost, fear, & timing objections
